SLIP-RESISTANT FREEZER SPACERS

BEST EVER PRICES!!!

REDUCE FREEZER CYCLE TIMES

REDUCE SPILL & ACCIDENT WASTE

INCREASE PLANT SAFETY & EFFICIENCY

Left-hand side - slip-resistant surface
Right-hand side - underside of spacer

Engineered for maximum airflow

The slip-resistant surface prevents boxes from sliding but is easily power washed, steamed or scrubbed without losing its effectiveness.

For quick retrieval of spacers, ask for more information on our wide range of pallet inverters designed to suit all budgets and applications.
